Operation Shadow Trace

Participant name	Muhammad Adief Al Syarif bin Abdullah
Assessment	Operation Shadow Trace — DF OSINT
Case reference	OST/DF/2025/047 · Exhibit group BL-047
Report date	16/10/2026
Submitted to	mohdzamri.osman@utm.my · Subject: Investigation Report

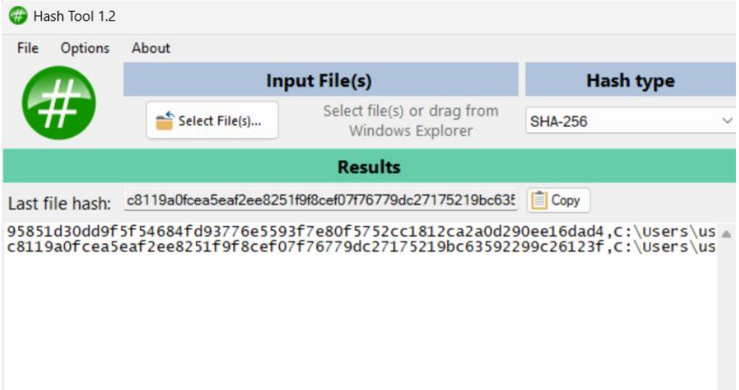
A. Evidence inventory

Two evidence files were supplied. The originals were never modified: each was hashed, copied to a working folder, and the copies re-hashed to confirm integrity. All analysis was performed on the copies.

#	Filename	Size (bytes)	SHA-256
1	Evidence_01_Confidential_Logistics_Report.pdf.pdf	3,031	95851D30DD9F5F54684FD93776E5593F7E80F5752CC1812CA2A0D290EE16DAD4
2	Evidence_02_Drug_Seizure_Examination_Report.pdf	31,718	C8119A0FCEA5EAF2EE8251F9F8CEF07F76779DC27175219BC63592299C26123F

Tools used:

`Hash-Tool.exe`



Hash type: SHA-256

Last file hash: c8119a0fcea5eaf2ee8251f9f8cef07f76779dc27175219bc635

```
95851d30dd9f5f54684fd93776e5593f7e80f5752cc1812ca2a0d290ee16dad4,C:\Users\us
c8119a0fcea5eaf2ee8251f9f8cef07f76779dc27175219bc63592299c26123f,C:\Users\us
```

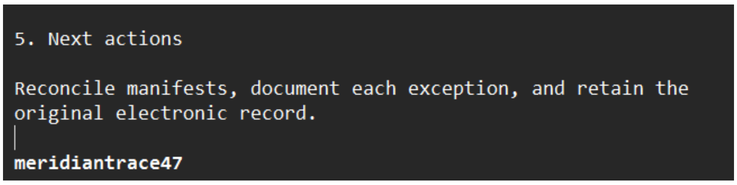
B. PDF findings

The identifier meridiantrace47 was recovered from four independent layers of Evidence 01

Layer	Location	Extraction method	Value recovered
1. Metadata	/ReviewerRef in the Info dictionary	base64 decode of bWVyaWRpYW50cmFjZTQ3	meridiantrace47
2. Metadata	/Keywords	plain-text read	Meridian Logistics; BL-047; NX-219; CR-081
3. Embedded file	reviewer_note.txt (object 10, /Type /EmbeddedFile)	extract + base64 decode	meridiantrace47
4. Hidden text	last Tj on page 1, drawn with 3 Tr (invisible render mode), 2 pt	PDF text extraction	meridiantrace47

Methods used:

```
exiftool "Evidence_01_Confidential_Logistics_Report.pdf.pdf"
pdftotext "Evidence_01_Confidential_Logistics_Report.pdf.pdf"
pdfdetach -list "Evidence_01_Confidential_Logistics_Report.pdf.pdf"
```



```
5. Next actions

Reconcile manifests, document each exception, and retain the
original electronic record.
|
meridiantrace47
```

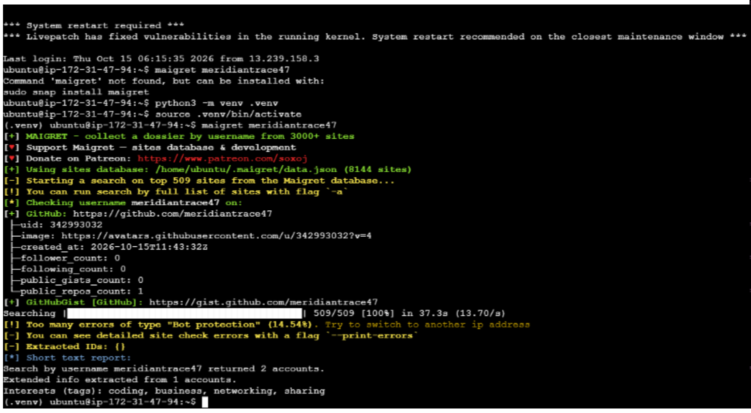
C. Automated OSINT (Sherlock, Maigret, user-scanner)

Commands run:

```
sherlock meridiantrace47
maigret meridiantrace47
user-scanner -u "meridiantrace47"   ;   user-scanner -e meridiantrace47@gmail.com
```

Results :

Source	Automated hit	Hand verification outcome
GitHub	https://github.com/meridiantrace47	CONFIRMED. Account exists (API HTTP 200), uid 342993032, created 2026-10-15, 1 public repo.
GitHub Gist	https://gist.github.com/meridiantrace47	UNVERIFIED. Page loads but shows “No gists”; API public-gist count = 0. Treat as a lead only.
AniWorld	/user/profil/meridiantrace47	LEAD — page returns HTTP 200 but generic title; requires manual check.
TikTok	@meridiantrace47	LEAD — login/JS wall; could not verify by hand.
Threads	@meridiantrace47	LEAD — login wall; could not verify by hand.
Email (user-scanner)	meridiantrace47@gmail.com	NO HITS returned.



```
*** System restart required ***
*** Livepatch has fixed vulnerabilities in the running kernel. System restart recommended on the closest maintenance window ***

D. Shipment correlation

Repository located: https://github.com/meridiantrace47/secret - files README.md and sample_shipments.csv

Shipment IDs by group:

Group	Batch reference	Rows	Status	Alias column
Seized consignments	BL-047	SHP-2025-007, -014, -022, -029	Seized	meridiantrace47
Held consignments	NX-219	SHP-2025-004, -009, -011, -016, -019, -024, -026, -028	Held for review	meridian47

Confirmed matches (CSV vs Evidence 02):

Exhibit	Shipment	Date	Txn ref	Declared goods	Simulated finding	Mass	Result
EX-01	SHP-2025-007	2025-07-16	TXN-1047	Office stationery	Methamphetamine	6.4 kg	✅ all fields match
EX-02	SHP-2025-014	2025-08-13	TXN-1054	Electronic accessories	Heroin	11.3 kg	✅ all fields

							match
EX-03	SHP-2025-022	2025-09-11	TXN-1062	Machine spare parts	Cocaine	2.9 kg	✅ all fields match
EX-04	SHP-2025-029	2025-09-18	TXN-1069	Printed manuals	MDMA	7.8 kg	✅ all fields match

Discrepancies recorded:

1. Every BL-047 row has declared_weight_kg exceeding original quantity (kg) by exactly 5.0 kg
2. Each item BL-047 row declares as (stationery, accessories, spare parts, manuals) but records says otherwise.

E. Conclusion

Evidence support :

- The identifier meridiantrace47 was recovered and be founded across four layers of Evidence 01 which is : metadata, embedded file, invisible 3 Tr text, and consistent page content.
- The identifier bring us into a gitHub account (https://github.com/meridiantrace47) whers there is a public repository named “secret” that contains a shipment dataset.
- The repository CSV and Evidence 02 match exactly on all four BL-047 shipments.
- The four seized container exceed +5.0 kg than its originally declared.

Limitations :

- A username does not prove that any person knew about these records
- meridian47, meridian_trace47, “Daniel M.” and meridiantrace47@gmail.com are self declared in the README and not being verified.
- The account on GitHub Gist, AniWorld, TikTok and Threads hits are unverified ad potentially a fake account.
